

Quality Council Charter

Objectives of Quality Council

The Quality Council will work to meet the following objectives:
Development of

- ❖ Annual quality benchmarks effective CY22, and analysis of the impact of cost growth benchmarks and primary care targets on quality and equity and vice versa.
- ❖ A core measurement set for use in the assessment of primary care, specialty, and hospital provider performance.
- ❖ A common provider scorecard format for use by payers and providers.

Achieving the Objectives

- A. Convene monthly meetings between October and June
- B. Assist OHS, in the development of quality benchmarks across all public and private payers beginning in calendar year 2022
- C. Reassess the core clinical quality measurement set to identify gaps, to incorporate new national measures as they become available, and to keep pace with changes in technology and clinical practice
- D. Ensure the development of clinical quality measures and quality benchmarks that can be stratified by race and ethnicity and advise OHS of capabilities or supports needed to ensure such measures and benchmarks are developed and implemented

Achieving the Objectives

- E. Identify unintended consequences of the quality benchmarks and relay potential solutions to unintended consequences to OHS
- F. Identify existing health inequities that could be exacerbated by the quality benchmarks and relay potential solutions to OHS
- G. Identify and formulate a plan for engaging key stakeholder groups to provide input to various aspects of the Council's work
- H. Convene ad hoc design teams to resolve technical issues that arise in its work.
